GENERAL INFORMATION

REQUISITIONING TELEPHONE SERVICE AND CHANGES THEREIN

In order to facilitate and expedite telephone installations, moves and disconnections DD Form No. 410 Requisition for Telephone Service should be carefully prepared and forwarded thru proper channels to the Defense Telephone Service, Office of the Secretary of the Army Room 1A275 Pentagon Building together with DD Form No. 218 "Telephone Director Listings" to insure accuracy of information and directory records.

This latter Form DD 218 should be submitted separately for any changes in directory listings regardless of whether an installation, move or disconnection of a telephone is involved.

TELEPHONE DIRECTORIES

Requests for telephone directories by employees must be made through the normal supply channels of your bureau.

USE OF OFFICIAL TELEPHONES FOR PERSONAL BUSINESS

Telephones are not to be used by employees for personal messages except in case of emergency. Use pay station located in convenient places on all floors in all buildings. Chief of Bureaus are expected to cooperate in securing strict observance of this instruction and each person having a telephone on his or her desk is responsible for its proper use.

CALLS TO OTHER TELEPHONES IN THE DEPARTMENT OF DEFENSE

Be sure you have the correct number in mind. Consult the directory. Listen for dial tone and then dial the number.

CALLS TO OUTSIDE LOCAL NUMBERS FROM UNRESTRICTED TELEPHONES

Listen for dial tone. Dial 9. Wait for the second dial tone. Dial the desired number. Employees are reminded that telephones are to be used for official business only.

TRANSFERRING CALLS

You may transfer any incoming long distance or direct in-dialing call by signalling the operator. This transfer cannot be made if more than one telephone is open on the line being used. Interoffice dialed calls cannot be transferred. Inter-agency dialed calls cannot be transferred.

MONITORING OF TELEPHONE CALLS

There will be no regular monitoring of telephone calls. In exceptional cases, where monitoring of a specific telephone call is requested by one of the parties, the other party or parties to the conversation must be made aware that the call is being monitored. Where mechanical recorders are used they must be equipped with a distinct warning tone (beep sound).

Personnel must be informed that no calls will be monitored without explicit affirmative instructions for each specific call.

DIRECT LOCAL & LONG DISTANCE IN-DIALING TELEPHONE SERVICE

In order to make effective use of the system and to expedite telephone calls into the Department, personnel should publicize the system by giving the code numbers (Area Code 202-OXford and the extension being called) to any individuals on outside private exchange numbers who previously dialed LI 5-6700 when calling the Department. Direct in-dialing calls may be transferred from one extension to another.

INTERDEPARTMENTAL DIAL SYSTEM

This system permits Government telephone users to make calls to extensions in other agencies without the help of a telephone operator. The method of operation is as follows:

1. All listings without asterisks are thru-dialing.
2. If the branch number is known, dial the agency code followed by the branch number. There will be no second tone following the code.
3. If the branch number desired is not known, dial the agency code, followed by "O" for operator information. Except on Code 13, Dial 1330; Code 196, Dial 19670; Code 14, Dial 1460.
4. Under the "through-dial" system, it is not possible to transfer a call to another extension. It is necessary to redial.

SWITCHED CIRCUIT AUTOMATIC NETWORK (SCAN)

Most Army installations throughout the United States, may be reached direct via SCAN. Place your call with the DOD operator by dialing "O".

LONG DISTANCE TELEPHONE CALLS

All Long Distance calls must be placed through the Department of Defense Telephone Operator.

Facilities are maintained within the Department of Defense for the most economic and efficient placing of long distance calls. To keep the cost at a minimum it is essential that controls be established and maintained by the military departments to insure that only official authorized calls of short duration be made thru the Department of Defense facilities. To speed your service on long distance calls placed through the DOD operator (Dial 0). Give the operator

1. The area code.
2. The telephone number you are calling.
3. Your number *when* the operator asks for it.

Refer to page IV for area code numbers most frequently called.

Policy Statement: Long distance calls will be routed by the DOD operators in the most economical means at the time the call is placed.

Timely TELEPHONE Tips

WHEN YOU RECEIVE A TELEPHONE CALL

Always Remember to

1. ANSWER AS PROMPTLY AS POSSIBLE.

   Try to answer before second ring.

2. IDENTIFY YOURSELF WHEN ANSWERING.

   "Mr. Brown's office, Miss Andrews."
   "Personnel, Mason."

3. SPEAK DISTINCTLY AND PLEASANTLY.

   Hold mouthpiece well up in front of lips.

4. AVOID TRITE OR ABRUPT PHRASES.

   "Who's calling?" . . . "Just a moment."
   "He's busy." . . . "He's in conference."
   "He's tied up." . . . "He isn't in."

5. VOLUNTEER THE "WHEREABOUTS AND WHENABOUTS" OF AN ABSENT PERSON.

   "He can be reached in Mr. Jones' office. . . . Extension 2094."
   "He is out of the building until 3 o'clock."
   "May I locate him and ask him to call you?"

6. VOLUNTEER YOUR OWN ASSISTANCE.

   "Is there something I could do?"
   "Could I help you?" . . . "or anyone else?"

7. REQUEST IDENTITY OF CALLER ONLY WHEN NECESSARY, AND IN A TACTFUL MANNER.

   "May I have your name?"
   "May I ask who this is, please?"

8. EXPLAIN OFF-THE-LINE DELAYS.

   "It's in the files—Can you wait a moment?"

9. TAKE MESSAGES WILLINGLY.

   Write essential details on a suitable message form; deliver promptly.

10. TRANSFER ELSEWHERE ONLY WHEN YOU KNOW DEFINITELY THE CORRECT PERSON OR NUMBER.

    Give caller these facts before transferring.

WHEN YOU MAKE A TELEPHONE CALL

Always Remember to

1. PLAN AN EFFECTIVE CONVERSATION.

   Get your thoughts in order before calling.

2. PLACE THE CALL YOURSELF, EXCEPT IN SPECIAL CIRCUMSTANCES.

   Make sure you are on the line ready to talk when the called person is reached.

3. HAVE THE CORRECT NUMBER (OR EXTENSION) IN MIND.

   Consult your directory, or personal number list.

4. LISTEN FOR DIAL TONE . . . DIAL CAREFULLY.

   See general information page in your directory.

5. IDENTIFY YOURSELF IMMEDIATELY TO THE FIRST PERSON ANSWERING THE CALLED TELEPHONE.

   "This is Mr. Johnson. . . . May I speak to Mr. Hodges, please?"

6. IDENTIFY ALSO, WHEN HELPFUL, YOUR OFFICE AND PURPOSE IN CALLING.

   "Mr. Brown, in Accounts . . . returning Mr. Green's call."

7. ASK WHETHER CALLED PERSON HAS "TIME TO TALK NOW" IF CALL IS LIKELY TO BE LENGTHY.

8. TRY TO COMPLETE YOUR BUSINESS ON ONE CALL BY SECURING INFORMATION OR LEAVING A MESSAGE.

9. VOLUNTEER YOUR EXTENSION AND THE BEST TIME TO REACH YOU IN CASE YOU REQUEST A "CALL-BACK."

10. KEEP YOUR CONVERSATION BRIEF AND BUSINESSLIKE.
